EXPERIENCE

AB Graphic Design

(Formerly Alexandra Lifton Graphic Design)

Since 2015, I've worked with many companies on many on-going projects as well as short-term projects. My freelance and contract work have given me a chance to spread my creativity over a variety of brands and industries.

I've had the chance to design both digital and print work. This has included illustrations, logo design, wedding sign in boards, app icon design, Snapchat geo filters, packaging, presentations, invitations, web banners, evites, fliers, website wireframes, print ads, postcards, business cards, Facebook ads, and more. I have learned the ability to manage time and projects wisely.

Some of my clients include: Ann Inc., Bloomingdales, Warren Tricomi, Epicured, NYY Steak, 4Brand Concepts, Breezemont Day Camp, KPR, Which Looks Better?, Designs By Donna, Miriam's Kitchen, Iconic Focus, Foreview Farms, Tell Me Your Goals, and more.
